### FRAMCOLOR2001 FRAMCOLOR2001

#### coloring cream to natural effect

Refined, soft, natural, Framcolor 2001 loved by experts from around the world for its extraordinary performance : exceptional luster ; coverage of white hair, vivid and brilliant hues ; gently on hair and skin, superior stability and durability, precise determining the level of membership ; complete freedom to invent new styles with all the nuances mixed with each other.

Framcolor 2001 was formulated with the Booster System Hi Tech, a technology that enhances the performance of the color from every point of view.

Contains:

- amaranth oil for a wonderful sheen
- Vitamin C for added stability
- PVP to prolong the life of color
- derivative of coconut oil for better protection of the skin
- perfect balance of pigments and dyes
- lower incidence of ammonia content

**Shades** natural or fantasy, hot or cold, the gradations of 2001 Framcolor form a palette of extreme elegance and transform the salon into an exclusive Color Atelier, where he studied the color designer, dosa and creates the perfect color for each individual customer.

**method of use** : mixed with the oxidizer in the ratio 1:2

**box**: 60 ml tube
