OIL HAIR COLOR

Oil - in color without ammonia with Juvexin TM

line GKhair Taming System with HAIR OIL COLOR Juvexin includes without Ammonia. This coloring system has been studied for a permanent or semi - permanent coloring. Designed to give your hair beautiful colors of natural shades, or intense and vivid. GKhair OIL COLOR offers a wide range of shades, bright shades of blonde, why is formulated with oils Polishes, additives Liquid Crystals, Detectors cream. The entire line gkhair OIL COLOR is fortified with Juvexin, which protects the hair during the coloring process to prevent damage to the structure and giving incredible shine, softness and silkiness from the first rinse cycle at the same time protects it from environmental damage and weathering. Juvexin is a special blend of proteins optimized for the hair : it was created to protect and rebuild the hair returning them to a state youth and is contained in all GKhair products distributed worldwide. Juvexin restructures the hair by introducing into them the same properties that are found in hair young, healthy and vital and that will be lost with the passage of time. It contains no chemical ingredients.
