SILICIUM HAIR TREATMENT SILICIUM HAIR TREATMENT

STYLING - SILICON functionalized

The functionalized silicon seal gives and creates plays of light that reflect the crystalline perfection of the original quartz.

The crystals, especially those that contain silicon, have always been considered examples of geometry and formal perfection in nature. The appearance of the crystals has been reproduced from the laboratories Barex, in the line of styling, SILICIUM HAIR TREATMENT. The line combines and reflects the perfection and versatility of this mineral, with different formulations, designed to enhance the creativity and imagination. They are products that define, shape, sculpt and allow you to customize any type of hairstyle, ensuring sealing, protection, Vol.

GLAZE LIGHT EFFECT

Gel polish fluid based on vegetable substances, versatile and easy to use. Designed to give you absolute control and more creativity to all types of styling. Silicon functionalized low melting point and D-panthenol are of the hair of an invisible film which makes them light and rich in reflections. Not greasy or leave any residue.

Container: 250 ml bottle

FOAM LIGHT EFFECT

Ideal to give volume to the hairstyle offering natural and seal. Functionalized silica for a silky feel and D- panthenol, together with special resins, give the hair a unique and lasting brightness, restructuring them.

packaging: bottle FF / FN 250 ml

SPRAY LIGHT EFFECT

Fixed styling in a natural way and long, giving silkiness and body to the hair. Functionalized silicon with a high refractive index and D- panthenol, together with special resins, give the hair a unique and lasting brightness, restructuring them.

packaging: bottle of 300 ml

LIQUID CRYSTALS

It contains a balanced blend of functionalized silicon fluid with high affinity to the structure

of hair, specially designed to give exceptional brightness and volume. Ideal for permed and colored hair, makes them soft and silky to the touch thanks to the effect of laminating and protective agents. It has no effect fixative. Contains filter U.V.
Package : 50 ml dropper bottle

WAX POLISH FIXING

Ideal for sculpting fantasy with the most original and eccentric hairstyles. A multi-functionalized silicon allows the creation of magnificent effects on locks, tufts and fringes, creating special lighting and contrast. Suitable for styling more modern.
Container: 100 ml jar
