TEXTURE - MIX I AND II

Treatment to customize the look of each texture

service customized according to customer requirements. The service consists of two products :

THICKENER to donate body ;
SILKENER to give softness.

method of use : mixing the two products according to the mix best suited to the customer, apply the treatment obtained on towel dried hair, section by section. Place under a heat source for 10-15 minutes. Allow to dry allowing the product to dry, then rinse thoroughly.

box: tube.
