EXTRA VOLUME SHAMPOO AND CONDITIONER SHAMPOO E BALSAMO EXTRA VOLUME

Extra Volume Shampoo and Conditioner contain Argan oil and antioxidant nutrients to cleanse, disentangle and give back fullness to the hair. Give the hair shine, manageability and movement, while making them easy to put into the fold. The formulas are free of sulfates, phosphates and parabens, so they are safer for the environment and will not dry out, fade or remove color to the hair.

method of use : Extra Volume Shampoo because it uses a formula hydrophilic high concentration, start by using a large amount of water to transform the shampoo into a rich and abundant foam. If necessary, add more water. Massage gently on the hair and scalp to stimulate bulking properties. Repeat if necessary. Rinse and follow with Extra Volume Conditioner.

Using the balm : gently remove excess water and apply a small amount of balm with a high concentration from roots to ends. Leave for 1-2 minutes. Rinse well.
