SPEEDY COLOR

pigmenting Accelerator vegetable oils and vitamin E

Its innovative formula makes the cuticles they open more quickly resulting in more rapid penetration of dyes is both permanent and tone on tone. The shutter speeds are reduced to approximately 8-10 minutes by using dry heat source. The vitamins contained help keep soft my hair is thus a conditioning effect. LIVELY SPEEDY COLOR can also be used with bleaching powder ' in this case the shutter speed will become 5-10 minutes depending on the required lightening degree is still using the dry heat source. LIVELY SPEEDY COLOR becomes active from the moment you apply the heat source. LIVELY SPEEDY COLOR can be used with any brand of color or bleach.

container: 35 ml dropper vial box 3 PCs.
