WAVING IRON IN TOURMALINA

'Special order'

Iron waving in tourmalina SPECIAL ORDER. Its special shape allows the creation of medium- large waves giving the look of hair fashion. Its ionic technology produces a gentle heat with infrared, negative ions, which make the hair silky and soft, without causing heat damage to the hair. The function ionic joined to infrared technology, allows the heat to penetrate inside the hair by breaking the water molecules from the inside outwards. The hair after using the curling plate will be shiny and soft.
