RAYWELL AFTER COLOR ARGAN E KERATINA restructuring line for color-treated hair and treated

Argan oil is used in cosmetics and hair care products due to its antioxidant properties , emollients , highly moisturizing and firming. Is used primarily on brittle hair brittle and lack luster because it gives them strength and hydration. Fueling hair fibres gives the hair shine and flexibility , fight split ends and the drying. Keratin is a protein and principal constituent of natural hair that gives strength and vigor , so that healthy and strong aspect that all the hair should have. Is useful on hair damaged by external agents such as smog , the strong heat of the hairdryer and poor quality products.
