THE PRODUCTS

The colour is a fundamental tool of consultation and advice within the Salon. Staining products that are offered on the market are very different: it is important, therefore, that even the colour reflects the product being presented. To this end you can achieve a variety of color charts , from simple and inexpensive to folders most sought after colors , in both materials in the forms.

Cartacor in particular produces:

- -doors color charts;
- -folders;
- -ring binders;
- -PANTONE;
- -tabletop displays and placard;
- -, interactive, folder;
- -megaboard.

Cartacor designs and develops samples and prototypes , works step by step with customers , providing a real service.
