Environmental operating characteristics:

- ambient temperature: +10° to +40° c;
- humidity: 30 to 75%;
- atmospheric pressure: from 700 to + 1060 hpa.

directions for use:

FACIAL STEAMER

By pressing the "on" button below the inscription "Vapor" water starts to vaporize and, once you've activated the program, the light turns red. To stop the spraying program, press the green button "Off" under the word "Vapor".

OZONE

To enable or disable the program, press the button "on/off" under the word "Ozone". When ozone is activated the light turns red.
